Our use of cookies

Welcome to <http://www.activityalliance.org.uk> (**Site**), which is owned and operated by English Federation of Disability Sport (trading as Activity Alliance).

Here you will find information on what cookies may be set when you visit the Site and how to reject or delete those cookies.

By continuing to use this site you are agreeing to our use of cookies in the manner described in this policy.

What are cookies?

A cookie is a small data file that is placed on your computer or other device to allow a website to recognise you as a user when you return to the website using the same computer and web browser, either for the duration of your visit (using a 'session cookie') or for repeat visits (a 'persistent cookie').

Other similar files work in the same way and we use the word 'cookie' in this policy to refer to all files that collect information in this way.

Please note that some cookies used on our Site may be set by third parties, e.g. google analytics over which we have no control. The types of cookies we use are detailed below:

Session Cookie (`_efds_session`)

This is fundamental to the working of the website and allows us to retain the session as a user moves from one page to another, ie. login functionality, passing error messages or in-progress form IDs. This does not contain any user identifiable information.

Consent Cookie (`activity_alliance_cookies_consent`)

Cookies are used on our website to user preferences. This does not contain any user identifiable information.

Google Analytics (`_gid`, `_ga`, `_gat`)

Cookies are used to track use of the site in Google Analytics.

Google Maps

Google may set a cookie to allow the maps to be displayed.

Google ReCaptcha

Cookies are set by the ReCaptcha feature on contact forms to allow us block spam form submissions.

For detailed information on the cookies we use and the purposes for which we use them see the table at the end of this Cookie Policy.
