## Total Gym IFI Power Tower - Gravity UK **Key Features**

Raised tactile numbering for easy intensity level identification

Colour contrast T-bar knobs to assist people with a visually impairment or limited hand function

Remote control handles with colour contrast markings

Basic exercise programme magnet featuring start and finish positions

- Easily adaptable, enabling a wide variety of exercises to be performed, replicating functional movements and improving strength to perform activities of daily living
- Large, colour contrasting and tactile numbering allowing clear selection of resistance levels
- Level of intensity can be adjusted from any position using remote control functions on the handles, improving the ease of use of the product
- Crossbar storage for handles to allow easy access to the cables once on the glideboard
- Extended cable length allowing users the safety and security of entering and exiting the unit in a closed (non-moving) glideboard position
